

SECRETARY WILSON MOVES TO BRING STRIKE TO AN END

Proposes an Increase to Miners of 31 per Cent.

END DAY WITH CLEAN SLATE

WASHINGTON, Nov. 21.—Secretary of Labor Wilson stepped to the front again tonight in an effort to bring miners and operators together after a proposal by each side had been rejected and the state wiped clean.

Mr. Wilson is said to have formally presented a definite proposal for settlement of wage disputes which would send bituminous miners back to work before the country was in the throes of a coal famine, but its nature was not disclosed. It was generally believed he suggested a wage increase of about thirty-one per cent.

Both sides united in asking him to join the joint sub-committee after the miners had definitely rejected a twenty per cent wage advance and the operators had finally refused to agree to a counter proposal from the workers for a forty per cent increase, a seven hour day, and six days a week with half holiday on Saturday.

When the conference adjourned, after a six hour session, Thomas T. Brewster, chairman of the operators, declared that their offer had been withdrawn and that the state was now clean.

Secretary Wilson said that progress had been made and that he would meet the sub-committee again tomorrow.

Comparative data on increases in the cost of living and wage advance to miners since 1914, was submitted by Mr. Wilson, who declined to make public his proposition. It was said he proposed an increase of approximately thirty-one per cent, the difference between the cost of living and wage increase figures announced by the secretary at the opening of the conference last week.

An ultimatum served by the operators that their offer represented the maximum was reaffirmed tonight by Mr. Brewster, who declared it could not be increased unless "the government we should do it."

When the conference failed to agree on either side's proposal the operators suggested referring the dispute to arbitration, but the miners objected. The operators proposed a tribunal of nine members to be chosen in one of three different ways; each side to pick four members and the eight to select the umpire; each side to name four and the president of the United States the ninth or each side to name three and the other three to be chosen by the president.

The counter proposition from the miners, scaling down their earlier demands was submitted by acting president John L. Lewis, after he had conferred with Secretary Wilson. Mr. Lewis stated that the new demand for 40 per cent wage advance for all sorts of work represented the "margin" between the wage increases received by the miners since 1914 and the jump taken by living costs.

The mine workers also insisted that all local differences not covered by interstate agreement be referred back to the districts in which they originated for settlement.

The offer of the operators as finally rejected by the miners at today's session was slightly different from the terms submitted yesterday. Mr. Brewster said. The operators stood fast on the amount of wage increase but agreed to waive demands for other changes in the present contract.

The coal situation was discussed today by Attorney General Palmer, Fuel Administrator Garfield and Director General Hines of the railroad administration. Dr. Garfield said they would meet again Monday. It is understood that drastic plans were agreed upon if necessary to bring the coal strike to an end and that these plans would be laid before the cabinet Tuesday.

Dr. Garfield emphasized in a telegram to Governor Harding of Iowa refusing to delegate the power of fixing coal prices to state executives, that the federal government intended to retain control of the strike situation. Dr. Garfield's message was taken to mean that governors could not change the wage scale in an effort to get the miners back to work as the fuel administrator refused to allow increases in maximum coal prices to meet increased cost of production. An embargo on export of anthracite coal effective today was announced tonight by the fuel administration.

RUSSELL ISSUES BANK CALL
Springfield, Ill., Nov. 21.—The state banking department today issued a call for the condition of all state banks at the close of business Monday, November 17.

BRITISH PRINCE LAYS WREATH ON GRAVE OF THEO. ROOSEVELT

Young Heir Host to 1,000 Children Aboard the Cruiser Renown.

NEW YORK, Nov. 21.—The prince of Wales laid a wreath on the grave of Theodor Roosevelt today and later presided over a function which would have had a particular appeal to the former president. For one entire afternoon the young British heir was host to 1,000 school children on board the great battle cruiser Renown. At the prince's own request the children were left free to wander at will over the great warship.

The prince had wished to visit Roosevelt's grave at Oyster Bay accompanied only by his immediate personal staff, but he found it impossible to avoid the enthusiastic crowds. When he arrived at the little cemetery the roads in every direction were blocked with automobiles and many hundreds of pedestrians had trudged to the spot from the surrounding villages to catch a glimpse of the royal visitor.

The scene on board the warship in the afternoon was one of the most picturesque that has attended the prince's visit. The children were selected by lot from the high schools of the greater city, fifteen boys and fifteen girls from each school, and were carried out to the cruiser in launches provided by the board of education. At the gang way of the Renown each guest was handed an invitation to tea by a midshipman about the same age. Tea, however, was the last thing in the young visitors' thoughts. They wanted to see their royal host and they could not be enticed into the flag bedecked rooms until the flag appeared.

Finally they were marshalled on the quarter deck and presently the prince stepped from his cabin and jumped on to a captain's stand where he stood laughing down at them while they cheered him for several minutes. When he had a chance to be heard he bade them welcome in a little speech which quite obviously was spontaneous.

The prince's visit to America will be brought to a close tomorrow with the decorating on board the Renown of more than 100 American soldiers and sailors who won honors on the battlefields of Europe. The Renown is scheduled to sail for Halifax shortly after 2 p. m.

BILL CARLISLE STILL AT LARGE

CHEYENNE, Wyo., Nov. 21.—And now Bill Carlisle, the elusive train robber, has gone the way of a multitude of other western desperadoes. He is dead, shot in the back of the head by a posse of men from the Hole-in-the-Wall in the Bad Lands of Wyoming. At least that is the surmise of the scores of soldiers and other representatives of the pursuing law who have been unsuccessful in finding even a well defined trace of the bandit who cavalierly held up and robbed a trans-continental Union Pacific train Tuesday night.

But the hunt for Carlisle, escaped convict and robber of Union Pacific trains goes on. The railroad officials according to their announcement tonight have spent \$15,000 on the chase since Tuesday night and they are willing to spend much more. Knowing Carlisle's love for the spectacular they believe he will not long remain in the Bad Lands stronghold where he would have to sacrifice his place in the limelight. Accordingly, around Hole-in-the-Wall the railroad company's policy has become, as J. G. Gate, chief of the company's police agents expressed it, one of "wait-and-watch."

DIRECTOR HINES MAKES EXPRESSMEN OFFER

Chicago, Nov. 21.—It was announced tonight at headquarters of the Order of Railway Expressmen that Director General Hines of the railroads had made an award to its members, placing express managers on a basis of 240 hours a month with time and one-half pay for overtime work, and that eighty-eight subordinate lodges of the organization would be asked to accept or reject it.

According to H. L. Clarke, assistant to the president of the organization, Mr. Hines' order would affect only express messengers, or about one-third of the membership, with an increase of from \$10 to \$20 a month. Office and depot men and drivers would not be affected he said.

FARMER-LABOR MEETING OPENS

Chicago, Nov. 21.—Cures for the "present troubles of the world" can be worked out by the conference which opened here today and will continue through tomorrow of representatives of farmer and labor organizations, according to Carl S. Vrooman, former assistant secretary of agriculture who spoke today.

Genuine co-operation, which Mr. Vrooman explained in all the fields where it is proposed to be adopted, was the speakers' remedy for the present unsettled industrial conditions.

ROBBERS MAKE BIG HAUL

Chicago, Nov. 21.—Robbers broke through a skylight of the wholesale liquor store of Louis Stern here early today and removed \$15,000 worth of whiskey, which they took away in a motor truck.

TREATY WILL BE CARRIED TO THE PEOPLE IN 1920

Lodge Declares There Is No Room for Further Compromise

STATEMENT TO PUBLIC

WASHINGTON, Nov. 21.—Compromise efforts to ratify the peace treaty were thrown into the background today by developments strengthening the possibility that the whole controversy might be transferred to the political arena for a decision by the people in 1920.

Senator Lodge, chairman of the foreign relations committee, and republican leader of the senate, declared in a statement there was "no room for further compromise" and urged that the reservations of the senate majority be carried into the campaign.

There was no formal expression to determine whether a like stand would be taken ultimately by President Wilson and the administration senators, but it developed that the president's senate supporters had no definite assurance as yet that he would reopen the subject for compromise by re-submitting the treaty when the new session of congress begins.

The declaration of Senator Lodge reversed the position he and most other republican senators had taken toward injection of the treaty into politics, and was accepted in congressional and official circles as clothed with an added significance by Mr. Lodge's conference with Will H. Hays, the republican national chairman, just before the unsuccessful fight Wednesday for ratification with the majority reservations included. The statement followed: "The case is very simple. After four months of careful consideration and discussion, the reservations were presented to the senate. They were purely American in their character, designed solely to Americanize the treaty and make it safe for the United States."

"Under the president's orders the followers of the administration in the senate voted down those reservations. It was also shown by a vote that there was a decided majority against the treaty with the reservations. "Those reservations as presented to the senate will stand. There is no room for further compromise between Americanism and the super-government presented by the league. All I ask now is that we may have the opportunity to lay those reservations before the American people. To that great and final tribunal alone will I appeal."

"I wish to carry those reservations into the campaign. I wish the American people to read and study them. They are not like the covenant of the league. They are simple. I do not see that there is one of them to which any American can object. I want the people to see them, understand them, and think of them in every household, on every farm, in every shop and factory throughout the land. Then let them decide."

In his letter advising Democratic senators to vote against ratification with the majority reservations, President Wilson characterized them as constituting a nullification of the treaty, and some of his senate followers do not consider it a remote possibility that he may decide to join the issue and let the matter program stand or fall by a popular decision in the campaign. Should he take such a stand and let matters stand for the present as they are, it was considered certain tonight that the result would be to put the ratification fight squarely into the presidential contest.

Administration senators continued to talk compromise and predicted that the Republicans would modify their attitude making it possible to clear away the whole controversy before the campaign opens. They were confronted with the fact, however, that the Republican group of mild reservationists, on whom hope of a compromise was placed, had served notice that any further compromise negotiations must be conducted with the Republican leader himself.

Even among the irreconcilable foes of the treaty on the Republican side, Senator Lodge's statement was accepted with satisfaction. By the time the national convention met they predicted it would be ready to go further than Senator Lodge did in his statement.

The only expression of the president's intentions was a white house announcement early in the day that he would have nothing to say until he sent his message to congress at the beginning of the new session on December 1.

WEATHER INDICATIONS
Illinois—Fair Saturday, Sunday and Monday; moderate temperatures.

Coal Shortage Forces Many Industries to Shut Down

CHICAGO, Nov. 21.—Industry in the middle west today found itself in a critical condition with shutdowns ordered or in prospect as a result of the soft coal shortage due to the miners' strike.

While the fuel administration had ordered an embargo on export of hard coal except to Canada today and miners' leaders and operators were considering counter proposals at Washington, announcement was made by the Illinois Manufacturing association that seven large industries would be forced to suspend operations indefinitely. The association began work on a plan for a pool of coal supplies which it was hoped might carry most of its members along for about six weeks.

The companies announcing shutdowns were the following: A. H. Andrews & Co., manufacturers of office furniture, employing about 500 men.

James S. Kirk Soap company, employing 2,000.

Interstate Iron & Steel company, operating three plants, one of which may continue.

American Glue company, with plants at Indianapolis and Hammond, Ind. and Des Moines, Iowa, employing about 5,000.

Oliver Chilled Plow works, South Bend, Ind., probably will reduce to half its facilities tomorrow.

Kankakee Tile & Brick company, Kankakee, Ill., with one day's supply of coal.

Leader Iron works, Decatur, Ill., few days' supply, still operating.

Many other plants may be forced to shut down or greatly reduce their operations at the end of another week of non-production of coal it was said at the Illinois association office.

Reports were somewhat encouraging from West Virginia and Colorado today. Production was increased in the New River district of West Virginia where yesterday it was reported that new strikes were spreading. In Colorado where a second strike was called and an injunction issued against it yesterday, it was announced by miners' leaders that the strike had been cancelled today.

GOVERNMENT AGAIN TAKES CONTROL OF U. S. FOOD SUPPLY

Steps Taken to Prevent Sugar Famine—Attorney Gen. Palmer in Charge

WASHINGTON, Nov. 21.—President Wilson today placed the government again in control of the nation's food supply by transferring the authority of food administrator to Attorney-General Palmer.

Revival of the war-time functions of Administrator Hoover resulted directly from government efforts to avert a famine in sugar, but the powers delegated to the department of justice will be used also to help put down the cost of living.

Mr. Palmer's staff will begin immediately to build up a sugar distributing system which will allocate all sugar stocks in the country. It will provide an equitable system of distributing supplies and will defeat any concentration or hoarding, officials said. Plans, tentatively decided upon, provide for increasing the price of all sugar, excepting the Louisiana crop for which a price of seventeen cents already has been fixed to twelve cents a pound wholesale.

Through this increase, new sources of supply are expected to be opened. With assurances that a fair margin of profit, said to be about \$1.54 a hundred pounds, would be allowed, sugar refiners are ready to enter the Cuban market and purchase all available stocks, it was stated. Thus, officials believe, the increased price will avert a shortage which threatens to become a famine during the next sixty days.

Immediate action, contemplated in curtailing the consumption of sugar by manufacturers whose products are not regarded as essential food. This will apply particularly to soft drink dealers and candy manufacturers. The cut in sugar supplies to these classes of trade probably will be about sixty per cent. Arrangements have been completed whereby all enter the sugar market, and the cost of labor, the profits of food manipulation and distribution and the high cost of the equipment and necessities which the farmers much purchase. When the two thirds of the population who are consumers of food products instead of producers thereof clear themselves of responsibility for high prices, then they may consider clean hands to either criticize or help the other one third, which is engaged in food production."

ARREST THIRTY-EIGHT SUGAR PROFITEERS

CHICAGO, Nov. 21.—Thirty-eight members of 14 wholesale sugar firms were arrested today on federal warrants charging profiteering in violation of the Lever food control act. They were charged with enacting an extortionate price or conspiracy to obtain excessive prices for sugar.

The Illinois fair price committee added meats to its lists today, with the following maximum prices:

Fresh pork loins, 23 to 32 cents wholesale; 31 to 40 cents retail; fresh pork chops, ends, 23 to 32 wholesale, 30 to 39 retail; fresh pork chops, middle, 23 to 32 and 25 to 44; fresh spare ribs 19 to 24 and 24 to 29; fresh pork shoulders 20 to 21 and 27 to 28; smoked fancy hams 28 to 35 and 35 to 42; smoked standard hams 24 to 31 and 31 to 38; smoked fancy bacon 38 to 43 1/2 and 46 to 56 1/2; smoked standard bacon 29 1/2 to 40 and 37 1/2 to 48; smoked picnic hams 18 to 26 and 24 to 32.

LOWDEN NAMES DEC. 1 'JOB CENSUS DAY'

CHICAGO, Nov. 21.—Governor Lowden of Illinois tonight issued a statement setting aside Monday, December 1, as "job census day," requesting employers to furnish to the local chambers of commerce or to the mayors of their cities, a list of opportunities for employment of former soldiers, sailors and marines. The governor said that Illinois had taken the initiative and still was setting the pace, pointing out that in Chicago, up to Nov. 15, 35,918 discharged service men out of 37,924 who applied for positions had been employed, and that through the state "there some high quality of appreciation" had prevailed.

"This work is, however, unfinished," the governor's statement continued. "There are still many service men unemployed and as winter is at hand and conditions remain unsettled it is important to carry on and finish the job right."

WOMEN MAY SIT AS DELEGATES

Chicago, Nov. 21.—Women may sit as delegates in the republican and democratic national conventions and vote for the nomination of a candidate for president of the United States, according to an opinion today by Attorney General Brandages.

The opinion reverses a precedent in Illinois and may result in the election of some women delegates to the national conventions of both political parties.

AMERICAN NOTE TO MEX GOVERNMENT STILL UNANSWERED

Message the Sharpest Ever Sent Carranza Regime.

INTERVENTION IS DISCUSSED

WASHINGTON, Nov. 21.—State department officials still awaited tonight a reply to the note warning the Mexican government that any further molestation of William O. Jenkins, American consular agent at Puebla, who has been arrested twice in connection with his recent abduction by bandits, would seriously affect the relations between the United States and Mexico.

While the text of the American government's communication had not been made public, the summary published by the state department indicated that it was one of the sharpest ever sent to the Carranza government. It said the United States was both "surprised and incensed" to learn of the re-imprisonment of Jenkins and demanded his immediate release.

Discussing the general Mexican situation today, state department officials revealed that before the world war the army general staff estimated that complete intervention in Mexico by the American government would require 450,000 men operating over a period of three years. Present estimates were not made available, but it is known that army officials hold that the force necessary at this time would be much less because of the increased army equipment.

The department today made public a complete report from Jenkins on his capture and his subsequent treatment in a hospital at Puebla after his friends had agreed to pay \$150,000 in gold for his ransom, pledging their lives that the installments would be forthcoming. It was under date of November 7 and amplified the account which Jenkins wrote to Representative Davis of Tennessee, and which Mr. Davis made public yesterday.

Jenkins said that "a very important matter" was that "although the local government could hardly be restrained from sending troops out immediately to punish my captors when they learned of my capture, they have not made the slightest effort to do so since I returned twelve days ago, although they have been incited to do so, but excuse themselves by saying that they will do so."

"The rebels are only a few miles distant," he wrote, "they have been there for months and years, they plant, cultivate and gather their crops entirely unmolested, the whole countryside is with them and yet the government apparently makes no effort to drive them away and give decent protection to this city. There are in the immediate vicinity of this city not less than a half dozen important bands of rebels, all of them well known to the government and no determined effort has ever been made to fight them. This is the situation as it is today in this city."

Puebla is the second largest city in Mexico. The consular agent itemized the expenses he incurred in connection with his abduction, placing the total sum at \$357,341.91 Mexican gold.

Jenkins has announced his intention to appeal to the government for aid in defraying these expenses.

LOWDEN UNVEILS STATUE OF OGLESBY

CHICAGO, Nov. 21.—In a driving rainstorm today Gov. Frank O. Lowden unveiled a statue of former Gov. Richard James Oglesby in Lincoln Park. Fifty men and women attended the ceremony. Mrs. Oglesby, widow of the former governor, was among the guests.

In accepting the statue for the state of Illinois, Governor Lowden said: "I think no man was ever as close to the hearts of the people of Illinois as Richard J. Oglesby. He was distinguished in war and peace and was always loved by Illinois."

LARGE AMOUNT OF BEER WASTED

Zion City, Ill., Nov. 21.—From a platform six feet high 138,997 bottles of 2.34 per cent beer were emptied into a specially built trough that ran to an open sewer. Mayor W. H. Clendenen poured the first bottle and Chief of Police Theodore Becker and his aids finished the operation.

The beer was ordered destroyed by Judge Claire C. Edwards of the Waukegan circuit court.

ALLOWED INCREASE

New York, Nov. 21.—The national adjustment commission today made an award of eighty cents an hour and \$1.26 an hour for overtime to the deep sea longshoremen in the North Atlantic district. This is an increase of 22 1/2 per cent over the scale of wages in force up to October 6 last.

GRAIN CORPORATION WILL LIFT EMBARGOES ON WHEAT FLOUR

Control of Exports and Imports Will Be Terminated December 15th.

NEW YORK, Nov. 21.—Embargoes on wheat and wheat flour will be lifted December 15, it was announced by the United States grain corporation here today.

Lifting of embargoes on both exports and imports followed the action of President Wilson in signing a proclamation completely terminating the embargo control which has been in effect for more than two years.

Control over embargoes first was exercised by the war trade board to protect the supplies of wheat and wheat flour for the allies. Later control was taken over by Julius H. Barnes, wheat director, under the wheat guarantee bill.

Discussing the lifting of the embargo, Mr. Barnes said: "This is one step in the necessary reconstruction of trade facilities broken by the war, which must continue until the grain corporation terminates its three years' work. While ocean transport conditions and also disorganized international finance will probably prevent free trading between merchants of the various countries for some time, it is expected that, step by step, international trade may be re-knit in the usual channels. Until this is fully accomplished, the grain corporation will continue to sell from its stocks of wheat and wheat flour the foreign trade that is not supplied under private business initiative."

"This release of embargo also permits Canadian wheat and wheat flour to enter American markets free of duty under rulings of the customs service. It is expected that this will greatly enlarge the United States supply of spring wheat flours which are favorites in the baking trade and which, because of the partial crop failure in the northwest this year have been relatively in light supply."

Mr. Barnes also stated that the sales of the grain corporation from its accumulated stocks largely in western markets to American mills, under its advertised offer effective yesterday, have amounted to about 30,000,000 bushels. He added that mills in all sections now are amply supplied with wheat, though some particular qualities of wheat are relatively in light supply.

STATE COUNCIL OF DEFENSE DISSOLVED

CHICAGO, Nov. 21.—The Illinois State Council of Defense has been dissolved it was announced today and will turn back about \$5,000 into the state treasury. Although the state appropriated only \$50,000 for its war-time organization to pay commercial prices for the work done by and for it, \$5,000,000 would have been needed, Samuel Insull the chairman reported at the final session yesterday.

Chairman Insull in his report stated that the council had receipts, including contributed, office space and maintenance of \$281,000 and its expenditures were about \$275,000. In addition the council had disbursed \$447,416.51 of which \$306,146.51 was profit on the war exposition, which in 14 days was visited by 1,955,693 persons. The profit was turned over to the committee on public information. The remainder of the fund was profit on the seed corn campaign which went to the federal department of agriculture. The campaign resulted in supplying 16,000 Illinois farmers with more than 60,000 bushels of tested seed corn in 1918 when the seed shortage was keenly felt.

Chairman Insull pointed out that not one of the members of the council submitted expense accounts, and that all work done under direction of the council except stenographic and clerical work at headquarters was performed by volunteers.

CHARGE BANK CLERK WITH EMBEZZLEMENT

Springfield, Ill., Nov. 21.—Ralph Deiken, whose dollar tips to barbers and expensive clothes gained him the title of the "Beau Brummel Bank clerk," was arrested today on a federal warrant charging him with embezzlement of \$27,000 from the Ridgely Farmers' State Bank where he was employed as paying teller until a month ago. Miss Jessie Conner, bookkeeper, was arrested on the same charge. Conner, it is alleged, assisted Deiken in covering up his defalcations.

4,000 BARRELS OF LIQUOR RUSHED TO CHICAGO

Chicago, Nov. 21.—Four thousand barrels of whiskey have been rushed to Chicago from Kentucky distilleries to supply the demand if the war-time prohibition law is lifted.

Under the law bonded liquor may be transported in interstate commerce.

WELL KNOWN TURKMAN DEAD

Cincinnati, Nov. 21.—Harry Schreiber, well known arfaraa, died suddenly here today of apoplexy in his room at a local hotel.

VALIDITY OF DRY LAW IN LANDS OF SUPREME COURT

No Date Set for Reconsideration of Decision.

WETS WIN IN ST. LOUIS

WASHINGTON, Nov. 20.—The validity of the wartime prohibition law and the Volstead act for its enforcement was put squarely before the supreme court today with the closing of arguments at taking and defending both measures. There was no indication as to when an opinion might be rendered but owing to the importance of the issue early determination was considered probable. After hearing opinion Monday the court will recess until December 8 so it is not likely the cases will be decided before the time National constitutional prohibition becomes effective January 16, and if an opinion is not rendered by that date it would make no difference what the court decided, as the country the would have passed through the war time prohibition period.

Arguments today were confined entirely to the appeal by Jacob Tuppert, a New York brewer, for dismissal of proceedings brought to prevent federal revenue officers from interfering with the manufacture of beer containing more than one half of one per cent alcohol. Elihu Root, counsel for Tuppert, charged prohibition as a measure in congress with taking advantage of the "year of grace" allowed by the constitutional amendment and which he said was "virtually near" being "contracted between the congress and the states and with heavy-backed and barred the liquor interests while attempting to have forward national prohibition a few months under the pretext of the war emergency. Mr. Root also deplored the granting of unlimited power to the federal government. William D. Guthrie, appearing also for Tuppert, asserted the mere fact that some alien troops were still abroad did not entitle congress to the power of congress and that the prohibition act was obsolete. Its demobilization had been completed and the war ended.

Mr. Guthrie declared congress in the eighteenth amendment of the war time prohibition act did not see fit to use the term "alcoholic liquors" which would prohibit the use of any alcoholic beverage while the Volstead act attempts to change the standard of proof submitted by congress of provision making it apply to beverages containing more than one half of one per cent alcohol.

Both Solicitor General Knickerbocker and Assistant Attorney General Frierson made closing statements for the government in which they denied the contentions of the opponents.

Wets Win Point in St. Louis.
St. Louis, Mo., Nov. 21.—On the ground that beer of 2.75 per cent alcohol is not intoxicating, Judge John C. Pollack, of the United States district court today handed down a decision granting a temporary injunction to restrain the United States district attorney and the collector of internal revenue from interfering with the manufacture and sale of this beer by St. Louis brewers.

Judge Pollack's decision called attention to the fact that war time prohibition act as a war measure. The state legislatures voted on ratification the decision says, and they did so on the express promise of congress that after the necessary number of states had ratified the amendment a year would be permitted to lapse before it should be enforced by the government.

Congress, therein recognizing the rights of the states, even in war times, the decision says, and it has not now the right to infringe on state powers with reference to prohibition enforcement.

In passing the enforcement act, the decision says, congress attempted to re-exercise war powers when the war emergency no longer existed and tried to justify its one session of the constitution act which was forbidden by another act.

The decision further points out that, although the power of congress is primarily from the states, the enforcement, in this instance, was based on a law which "does not rest on the power of the state but on the power of the federal government and is in direct conflict with it."

The decision further raises the question of the manufacture of the liquor product and that it is necessary to have a valid basis upon the state, because from the proceeds of the business which was recognized by the state as legal and which was forbidden by another act.

THE WASHINGTON STRAIN
Attorney General Palmer is the latest Washington official said to be suffering from a nervous breakdown. Report has it that the attorney general must take a period of complete rest. Some weeks ago Mr. Gompers said that he didn't believe the government action in the coal strike would have been taken if the president had been a well man, and now the labor leader can add a clause that the illness of the attorney general was also a factor.

However, it will not be surprising to find Mr. Palmer suffering from a breakdown, for certainly he has been bearing stupendous burdens in these after the war days. For the country's sake it is to be hoped that he has associates able to efficiently care for the increasing burdens that may come upon them.

MIGHT PATTERN AFTER JACKSONVILLE
A new industrial peace conference has been called by President Wilson for December 1. Just because the last conference went to pieces on the rock of collective bargaining, the president sees no reason why another group of leaders should not tackle the big problem.

It has been suggested that the solution of the differences between capital and labor is not a matter for commissions and committees to decide, but one that congress must take up and cover with adequate legislation. Perhaps they need both down at Washington, and it may be necessary to adopt the Jacksonville plan of having a committee of citizens co-operate with congress in bringing desired things to pass. If the plan works out as well in Washington as it has in Jacksonville it will be a winner.

MAKING THEM MEN INSTEAD OF MENACES
The Union League club of Chicago has undertaken the task of organizing a series of clubs for boys in the big city. The plan is to have these clubs federated and engage in activities of a kind that will appeal to boys. There will be nominal membership dues, but just enough to make the boys feel that they are paying something for what they get.

Figures show that now there are 300,000 boys who roam the streets of Chicago every night or else get into surroundings that are not uplifting. Something of the same club plan for boys has been tried out successfully in Philadelphia and New York and so the Chicago men are undertaking this big program with the slogan "Make these boys men instead of menaces."

It is one of the hopeful signs of the present that these business men, many of them commonly called "big" business men, are interesting themselves in affairs of this kind and are willing to contribute of both their time and money.

LIKE HOME COOKING BEST
In many cities the community kitchen plan is being carried out, but with uncertain success. For many years community kitchens have been established in Scandinavia and Austria and it is estimated that fully one-fourth of the people live that way. But here in the U. S. even in the effort to thus cut down living expenses and to solve the servant problem, it is doubtful if the plan lasts thru a long period. People are of such varying tastes and for the most part are more willing to pay for "things to eat" than for any other necessities of life, that they are not enthusiastic about daily economies of this kind.

If much of a saving is effected there must be a great sameness to the community kitchen menus and that is one reason the plan doesn't work out satisfactorily. There are exceptions, but the average American family will have something to eat even if that is about the only satisfaction they get in living.

KEEPING GOOD NATURED
It is a noticeable fact that while people complain so much about living costs, that for the most part they are pleasant and good-natured about it. For months past now it has been a common subject in the stores—a matter for chaffing and banter between the merchant and customer. The storekeeper doesn't take offense when the customer whistles as an article is priced at 100 per cent more than was true in other days. And the customer is not dismayed when the advanced quotations are made. Sometimes there is a little grumbling and growling, but for the most part people meet the increased costs smilingly even if the family cash box is empty by the close of each week.

TAKING CARE OF SOLDIERS
Central states still face a considerable problem in finding suitable employment for all returned fighting men. The War Department has just completed a survey of this territory, and the report to Major General William G. Haan, head of the Service and Information Branch, has been made public today.

Sample figures from seven cities for a period of four weeks show that while 9,454 ex-service men have applied for positions, but 7,337 have been put in jobs. Detroit placed 1,409 men out of 1,767 seeking employment. This is considered a remarkable record because nearly all demobilized soldiers looking for work in Detroit are non-residents. In Cincinnati, O., the outlook is unusually good. For a period of four weeks the local bureau for returning soldiers and sailors placed practically all service men who registered, but registrations continue at such a rate as to warrant the continuation of the bureau. Louisville, Ky., reports the soldier employment situation to be only fairly satisfactory. In four weeks 126 men secured jobs out of 200 applying. The support of the welfare organizations has been withdrawn, but the American Legion has taken over the task with promising results. Of 3,131 men registering in St. Paul, Minn., shows 359 jobs found for 588 applicants. Of 529 men applying for work at Milwaukee, Wis., 416 were placed.

CHANGE OF HEART
I used to hate the horrid Hun, and longed to slay him with a gun; but now that war has had its day, my hatreds seem to melt away; I find it hard to grind my teeth, and stamp upon my laurel wreath, and call down curses on a foe, when such a gent I do not know. I cannot think of any skate who'd make it worth my while to hate. 'Tis true some chaps have wrought me ill; they handed me a bitter pill; but I forget them and their deeds, and spend my evenings stringing beads, and thinking of the boys I've known who never caused me grief or groan. And there are men who hate me well, and of their enmity they tell, and say that on some day remote they'll haply bear away my goat. My neighbors tell me of their words, and still I warble like the birds, and trill my melodies sublime, and have the blameless kind of time. They'll all get tired of hating me, when my indifference they see; whereas, if I indulged in sweats and handed back their foolish threats, the air would soon be full of fur. And hatred is the thing I hate; no man can keep his dome on straight, and be accounted fully sane, if he has hatred on his brain.

ATHLETIC MEET AT SCHOOL FOR DEAF
Physical Training Department in Charge of Gymnasium Work Yesterday Afternoon.

The Physical Training Department held the boards at the School for the Deaf Friday afternoon, November 21, when Mr. White gave a half holiday and the whole school adjourned to the gymnasium for the first athletic meet under the direction of the new physical training teachers, Miss Eloise Collins and Miss Emma Solberger.

The physical training department was begun last fall at the opening of school, but the beneficial results in alertness, gracefulness and poise were quite evident for so short a time, and the exhibition was a credit to all who took part.

The following program was given:

The girls' classes:
1 Dumbbell drill.
2 Tarento, Kinder Polka, Folk Games.
3 Game, Mr. Slap Jack.
4 Gymnastics:
Irish Lilt, Folk Dance.
Looby Loo, Singing Game.
5 10 yards dash.
Winners: Juniors—First, Eleanor Thomas; second, Margaret Lindstrom; third, Helen Waterman.
Seniors—First Louise Schilling; second, Myrri Ash; third, Josephine King.
4 Game, Cat and Mouse.
5 Nixie Polka, Singing Game.
Biking, Swedish Folk Dance.
Game, Dodge Ball.
6 Poppies.
Arch ball.
7 Potato race. Winners: Juniors—First, Dorothy Hart; second, Jennie Stevenson; third, Josephine King.
Seniors: First, Louise Schilling; second, Gladys Watts; third, Esther Pederson.

Class honors for the girls were awarded as follows:
First: First class.
Second: Second class.
Third: Advanced class.
Mr. and Mrs. White, Miss Hasenstab and Mr. Cogswell acted as judges.

Contests by the boys:
1 Kindergarten lesson.
2 Free Exercise and Folk Dances—Miss Sandberg's and Mrs. Jordan's classes.
3 Competitive Wand Drill.
4 Athletic Contests—
a. Floor Dips.
b. Standing Broad Jump.
c. Climbing Pole.
d. Running High Jump.
e. Running Broad Jump.
Class honors for the boys:
First: Junior Boys.
Second: Second Class.
Third: Fourth Boys' Class.

The judges for the boys' contests were Mr. F. W. Schonenman, Mr. H. D. Snyder, Mr. Molohon, Miss Irene Sandberg, Mr. E. P. Cleary and Mr. Brasel.

REPAIRS ON WOODSON CHURCH
The good people of Woodson Christian church are making some fine repairs and improvements in their place of worship. The principal addition is a basement which will be concreted and made available for all kinds of gatherings and social events. This is a praiseworthy object for it is well to have the rising generation feel that religion was never designed to make our pleasures less and that happy, social times are to be had in connection with the church.

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY
Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.
Says: Inflamed Nostrils Invite Influenza
People who say that catarrh is a disease not to be taken seriously, who are rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.
He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.
If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people who don't know about this simple recipe to be constantly sniffing and snuffing, blowing and hawking, when all these obvious symptoms as well as the foul discharge can be made to disappear in a few days.
Ask for three-quarters of an ounce of Mentholized Arcine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and snuff or spray some up the nostrils, as directed.
The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.
Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.
Senreco is the dentrifice that contains the properties recommended as ideal by United States Army Dental Surgeons

What Other Phonograph Dares This Test?

Did you ask some one about the Edison Tone-Test recital given last Monday in Northminster Church? The startled audience heard George Wilton Ballard's living voice flood the packed house. It then heard the New Edison* match that voice, even unto its finest variation of shading and feeling. Any one who was present will tell you:

The voice of the living artist and its RE-CREATION by the New Edison can not be told apart.

It is no idle phrase that you can enjoy Case, Middleton, Hempel, Matzenauer, Spalding—in your own home. The New Edison brings all that the great artist can bring, except his physical presence. It is the phonographic triumph of the age.

The New Edison

"The Phonograph With a Soul"

Come in and hear this wonder for yourself—the Three Million Dollar Phonograph* that RE-CREATES the very soul of music.

COUGHED SO HARD HE WAS READY TO DIE

But he recovered quickly and gained 9 pounds in 5 weeks.

"Last December I caught a heavy cold, which left me with a deep seated cough. I coughed so hard it would start the blood. I thought I was a goner, until I tried Milks Emulsion. I used 9 bottles altogether. My cough is gone, and I have gained nine pounds in five weeks. If anyone doubts it, let them write me."

—Chas. L. Walters, 147 So. 18th St., Pittsburgh, Pa.

When hundreds upon hundreds of people tell you of just such recovery, just such gains in weight, it must be worth your trying, at least. A trial costs nothing.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day. It produces remarkable results in colds, coughs and bronchial asthma.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Adv.

There is a certainty of satisfaction in wearing The Faultless Fitting Fast Colored Shirts sold by FRANK BYRNS' Hat Store.

NO WONDER THE SEWER WAS CLOGGED

For two days, men from the street department under direction of Superintendent White have been busy cleaning out the brook sewer at a point just east of Hardin avenue and near College street. Mayor Crabtree, who went out to inspect the work, yesterday said that if the people of the city could inspect the sewer outlet at times like this that they would have a new appreciation of the need for increased sewerage in Jacksonville. This 15-inch pipe is expected to carry away practically all the sewerage from the south half of the city. Every little while it is stopped up and the difficult cleaning process is necessary.

Always at such times the materials taken from the sewer give a surprise as to the amount and variety. Towels, pieces of bedding, skirts, overalls and whole suits of underwear all matted together, are just a few of the articles which caused the clogging at this time. The same thing has been true many times before. The mystery is where all this collection of wearing apparel comes from.

WILL SELL SANDWICHES

Members of the Gamma Delta society of Illinois College made 1,000 sandwiches which they expected to sell on the special train carrying the students to Decatur today to the Illinois-Milkin football game.

You Need Not Suffer from Catarrh

But You Must Drive It Out of Your Blood to Get Rid of It Permanently

You have probably been in the habit of applying external treatments, trying to cure your catarrh. You have used sprays, washes and lotions and possibly been temporarily relieved. But after a short time you had another attack and wondered why. You must realize that catarrh is an infection of the blood and to get permanent relief the catarrh infection must be driven out of the blood. The quicker you come to understand this, the quicker you will be cured.

Drive the catarrh poisons out of your blood, purifying and strengthening it, so it will carry vigor and health to the mucous membranes on its journeys thru your body and nature will soon restore you to health. You will be relieved of the droppings of mucus in your throat, sores in nostrils, bad breath, hawking and spitting.

All reputable druggists carry S. S. in stock and we recommend you give it a trial immediately. The chief medical adviser of the company will cheerfully answer all letters on the subject. There is no charge for the medical advice. Address Swift Specific Company, 432 Swift Laboratory, Atlanta, Ga.

No Cheaper Nor Better Hog Food On the market

"Sure Fatten" Digester

Increases weight from 1 1/2 to 2 pounds per day and increases bone and muscle—contains 60 per cent protein.

No cheaper nor better hog food on the market. It is the most economical source of digestive protein known. It contains twice as much protein as oil meal and five times as much as middlings, shorts, shipstuffs and alfalfa meal. Ask your neighbors or feeders of tankage what it is doing for them. FLANGED TRACTOR DOES DAMAGE TO PAVEMENT

City Ordinance Provides Fine for Driving Such Equipment Over Pavements or Culverts.

In the court of Justice Coons yesterday Frank Winger paid a fine of \$10 and costs because a tractor with flanged wheels owned by him was driven over the paved streets of Jacksonville. Mr. Winger was served with a warrant by Chief of Police Kloran and in chief said he was very willing to pay the fine and that the offense would not have occurred if he had been driving the tractor himself. The tractor in question was driven over the cedar block pavement on South Sandy street, along West Morgan street and to the rear of the automobile establishment of Hutsen Bros.

The city authorities determined to prosecute this case so that general notice would be served upon the public that the ordinance against such driving of tractor over pavements is to be strictly enforced.

Easy to Do Damage

Farmers and other tractor owners cannot take this as a matter of class legislation or persecution for a little thought on their part will show conclusively how easy it is to do injury to pavement by running a tractor or traction engine over them with the objectionable flanged wheels. It takes some time to remove these flanges but it can be done when it is necessary for the tractors to be taken over the pavements. Without the flanges there is no resulting damage to the pavement.

Street Commissioner White has called attention to the fact that very frequently damage is done to culverts on unpaved streets from movement of tractors and tractor engines without planking. In the country roads the drivers of these machines never think of crossing a bridge or culvert without planking, but as the culverts are for the most part smaller inside the city limits they have usually considered that there would be no resulting damage but the facts are just the opposite and therefore the city will insist that where tractors or other heavy machinery are moved over the culverts that the planking must be done just the same as on the country road.

This order is wholly in accord with the city ordinance and will be issued and enforced simply as a matter of preventing the destruction of property.

The city ordinance, covering this matter and providing a fine of from \$10 to \$50 is under the general heading of "Wheel Tires" and reads as follows:

§67. Section 16. That no person shall draw or drive or cause to be drawn or driven by his agent or employee any vehicle with wheels and tires less than three inches in breadth, on any street now paved or hereafter paved within the city of Jacksonville, with a burden heavier than four thousand pounds. No person shall draw or drive any street car (except upon a railway track or any traction engine or other machine with corrugated or toothed wheels over and across any bridge or culvert without properly planking the same as provided by statutes in such cases) applicable to country roads, over or upon any pavement now or hereafter constructed in said city or over or upon any pavement now or hereafter constructed in said city, or over or upon any provision of law violating any provision of law, without first obtaining a permit from the city engineer, for each and every section shall, upon conviction, be fined not less than ten or more or offense.

FLANGED TRACTOR DOES DAMAGE TO PAVEMENT

City Ordinance Provides Fine for Driving Such Equipment Over Pavements or Culverts.

In the court of Justice Coons yesterday Frank Winger paid a fine of \$10 and costs because a tractor with flanged wheels owned by him was driven over the paved streets of Jacksonville. Mr. Winger was served with a warrant by Chief of Police Kloran and in chief said he was very willing to pay the fine and that the offense would not have occurred if he had been driving the tractor himself. The tractor in question was driven over the cedar block pavement on South Sandy street, along West Morgan street and to the rear of the automobile establishment of Hutsen Bros.

The city authorities determined to prosecute this case so that general notice would be served upon the public that the ordinance against such driving of tractor over pavements is to be strictly enforced.

Easy to Do Damage

Farmers and other tractor owners cannot take this as a matter of class legislation or persecution for a little thought on their part will show conclusively how easy it is to do injury to pavement by running a tractor or traction engine over them with the objectionable flanged wheels. It takes some time to remove these flanges but it can be done when it is necessary for the tractors to be taken over the pavements. Without the flanges there is no resulting damage to the pavement.

Street Commissioner White has called attention to the fact that very frequently damage is done to culverts on unpaved streets from movement of tractors and tractor engines without planking. In the country roads the drivers of these machines never think of crossing a bridge or culvert without planking, but as the culverts are for the most part smaller inside the city limits they have usually considered that there would be no resulting damage but the facts are just the opposite and therefore the city will insist that where tractors or other heavy machinery are moved over the culverts that the planking must be done just the same as on the country road.

This order is wholly in accord with the city ordinance and will be issued and enforced simply as a matter of preventing the destruction of property.

The city ordinance, covering this matter and providing a fine of from \$10 to \$50 is under the general heading of "Wheel Tires" and reads as follows:

§67. Section 16. That no person shall draw or drive or cause to be drawn or driven by his agent or employee any vehicle with wheels and tires less than three inches in breadth, on any street now paved or hereafter paved within the city of Jacksonville, with a burden heavier than four thousand pounds. No person shall draw or drive any street car (except upon a railway track or any traction engine or other machine with corrugated or toothed wheels over and across any bridge or culvert without properly planking the same as provided by statutes in such cases) applicable to country roads, over or upon any pavement now or hereafter constructed in said city or over or upon any pavement now or hereafter constructed in said city, or over or upon any provision of law violating any provision of law, without first obtaining a permit from the city engineer, for each and every section shall, upon conviction, be fined not less than ten or more or offense.

ILLINOIS COLLEGE MEETS MILLIKIN TODAY

Game Will Decide Championship of Little Nineteen Conference—Hard Game is Predicted By Both Coaches.

Illinois College and Millikin University will battle on Millikin field at Decatur this afternoon for the championship honors of the Little Nineteen Conference.

The teams are ancient enemies and during the past few years have clashed for honors in many branches of sport. In 1915 the teams battled for premier football honors, Illinois winning. In 1916 the teams again met in the classic and Millikin won. In 1917 Illinois' team was broken up by adjustments, and in 1918 Illinois had no football due to the flu and he S. A. T. C.

This year Coach Harmon, returning from France, again took up his work on "The Hill." Starting with but three or four experienced men and some of them with only one year's college football, and the remainder high school men or men of no experience whatever, he has built up a "Wonderful football machine."

The team started its season with one of the hardest games on its schedule, that with Lombard. This game was won tho at a great sacrifice as some of the best men received injuries that kept them on the sidelines practically all season. Despite this handicap, the team kept on winning and has today steady improvement, until today Harmon has a team that is to clinch for any Little Nineteen team not exceeding Millikin.

Millikin Men Veterans

Millikin started the season with a team of veterans. They undoubtedly were the class of the conference. But, perhaps, this knowledge has caused the men to shrink in their training, for many of the stars have been laid up in the last few games by injuries. This does not seem possible if the men were in the condition that a team should be at the close of its season. In addition to this Millikin lost two of her best men by virtue of their playing professional football.

Millikin has been conceded the honors this year by nearly everyone. Especially did Millikin blushingly acknowledge that she had the best team in the conference, and one that would easily win the championship. Millikin has not taken the game with Illinois seriously thruout the season.

Respects Illinois Prowess

Perhaps this was because she believed that some opponent would defeat Illinois before the season was over. But since Illinois won from Wesleyan and defeated Monmouth, 39 to 0, Millikin has come out of her trance. From giving out that no trouble was anticipated with Illinois, Coach Wann has begun to tell the newspapers that Illinois is the strongest opponent Millikin would have to face.

So Illinois is going to Decatur today with a good football team. Every man is trained up to the minute and in perfect condition. They are going to give Millikin the best they have. If the team plays the football that it showed against Monmouth that championship is coming to Illinois this year. The following Illinois players

BOY SCOUT COUNCIL WILL BE ORGANIZED

Rotary Club Agrees to Back the Movement Here—F. H. Zeller of Chicago, Here to Explain Plan.

F. H. Zeller of Chicago, deputy national field scout commissioner, was in Jacksonville yesterday and made an address at the noon day luncheon of the Rotary club. Later in the day Mr. Zeller was in conference with the B'n'r Brother committee of the club. The purpose of Mr. Zeller's coming was to interest Jacksonville and Morgan county citizens in the Boy Scout movement in a broad way. This means the establishment of a Boy Scout council representing various churches, lodges and other organizations and with a membership of 25 or 30. President Capps, in introducing Mr. Zeller referred to

the fact that the Union League club of Chicago is now backing a boys club plan.

Will Back Movement.

While the 40 or more men present yesterday who heard Mr. Zeller's address were thoroughly interested in the movement and expressed their willingness and desire to back it up here in Morgan county, the Rotary club is by no means to be the only organization interested in the movement. The council appointed will be representatives of the whole county and of the various organizations which can probably be expected to be interested in such a movement.

When a council is formed and definite steps looking to that have been taken, a troop commission will be chosen from this council to have direct charge of the various Scout troops to be organized. The recommendation of the national committee is that a Scout troop shall include not less than eight boys and not more than twenty-four. As troops are organized attached to the different churches through the county or associated with other organizations, they will be organized under a general Scout council and there are many benefits which accrue from such a central organization.

Is Non-Sectarian.

The Scout movement is entirely non-sectarian and is not associated especially with the Y. M. C. A., or any one organization. When a council is selected here the several troops already organized in the county will be expected to select a representative and it is not the purpose to disturb the organizations already in effect but to add to the sum total of Boy Scout interest by largely increasing the number of troops and having them representative of the boy life of all the county.

Mr. Zeller explained that the Boy Scout movement emphasizes Americanism and he quoted several instances to show that this is a time when there is need for the particular direction of the enthusiasm of the young along right lines.

The Boy Scout movement is upward and forward. It does not consist of a series of "don'ts." The boys are encouraged to do things that they like and out door sports add zest to their indoor programs. Of course there is a definite effort to inculcate right thinking and right actions but this is done thru the regular program of effort and not thru preaching or ad-

monition.

One factor in the growth of the Boy Scout movement is that it is non-sectarian and has the support of both the Protestant and Catholic churches. At the present time under the auspices of the national Catholic council there are 17 men engaged in the work of organizing Boy Scouts in Catholic churches.

American Legion Support.

Mr. Zeller referred to the action of the American Legion in national convention at Minneapolis a week ago, where the Boy Scout movement was approved by a resolution and pledged support. This action was notable because 290 different resolutions were presented to the committee and only 17 out of that number came before the convention as a whole. Of this number 16 referred directly to the Legion affairs and the only other one given recognition was that referring to the Boy Scout movement.

After Mr. Zeller had made his address there was a short time together in asking questions and altogether it was a very profitable half hour and gave the members of the Rotary club a much clearer idea than they had before of the scope of Boy Scout work and its possibilities in developing strength of character in boys.

EVERYONE LIKES PECANS

We have made for you today a combination piece of candy, from pecans, Turkish fruit nougat, chocolate caramel, and vanilla fudge. This is a delicious confection, a regular 60c value, and the price today is only 40c a lb. BUY IT AT MERRIGAN'S.

STATE STREET SUNDAY SCHOOL

The leaders in Sunday school work are making a personal effort these days to increase the interest in their schools thru a campaign of publicity and are meeting with excellent success. Next Sunday there will be an interchange of speakers among some of the schools. At State Street C. S. Smith, who is the leader of the men's Bible class at Centenary church, a class which holds a high record for membership and sustained interest, will speak for ten minutes. The new Sunday school orchestra will again be ready with a special musical program.

Sept. T. M. Tomlinson is giving active thought and attention to the affairs of this school and has something new to offer with almost every succeeding Sunday.

GO TO CAPITAL CITY TO HEAR SISTINE CHOIR

Miss Katherine Cain and her guest, Miss Marjorie Carr, Miss Louise Leonard, Winifred Cain, Mr. and Mrs. J. H. Cain and Harry Cain left yesterday for Springfield to attend the concert given by the Sistine Choir at the arsenal.

BAKER'S COCOA

PURE AND DELICIOUS

It is a most satisfactory beverage. Fine flavor and aroma and it is healthful.

Well made cocoa contains nothing that is harmful and much that is beneficial.

It is practically all nutrition.

M. S. ZACHARY HELD SUCCESSFUL SALE

Proceeds Totalled Over \$6,000 and Fair Prices Prevailed—Mr. Zachary Will Continue Farming But on Less Extensive Scale.

M. S. Zachary held a most successful sale at his farm southwest of the city Friday. Despite threatening weather there was a big crowd present and fair prices prevailed for all offerings. The sale totalled over \$6,000.

Mr. Zachary has rented the farm where the sale was held. He will continue farming on a less extensive scale than in the past. Charles M. Strawn and Merle Bedingfield were the auctioneers while R. C. Reynolds served as clerk. The ladies of Liberty church served a splendid lunch and received a liberal patronage. Some of the buyers and prices are given hereunder.

Horses and Mules.
H. Wilkie, team, \$185.
Elmer Hill, gray colt, \$105.
G. A. Leach, gray mare, \$105.
James Miller, horse, \$20.
G. A. Leach, span mules, \$357.50.
Edwin O'Meara, mare, \$65.
H. Bersig, horse, \$87.50.
Chris German, team, \$80.

Hogs.
H. Bersig, two sows, \$41.50 each.
Cliff Davis, three sows, at \$42.25 each.
H. Tafzwell, two sows, \$46 each.
J. W. Arnold, two sows and 12 pigs, \$50.50 each; ten pigs at \$1.75 each; ten at \$5 each, and ten at \$5.60 each.
H. Blimbing, eight shoats, \$8 each.
Walter Fearnough, 14 pigs at \$8.10 each; 14 pigs at \$7.20 each.
E. A. Kingsley, 14 pigs at \$6.25 each.

Cattle.
J. W. Arnold, bull at \$64; two cows, \$38.50 each; Jersey cow, \$52.
Lloyd Cox, two steer calves, \$34.50 each; two heifers \$67.50 each; red cow, \$95; steer, \$69; heifer, \$41; steer, \$40; seven calves, \$23 each.
Frank Mawson, cow at \$110.
H. Blimbing, two cows, \$44 each.
H. C. Massey, two cows at \$67.50 and \$49.
Walter Fearnough, cows at \$45, and one at \$40.
Leslie Switzer, cow, \$55.
John Doolin, bull, \$86.
Romeo, Bynum, Jersey cow, \$67.50.
Chris Horner, cow at \$100; one at \$37; seven calves at \$35 each, and eight calves at \$32.50 each.
L. J. Mandeville, cow and calf, \$40.
Edward Williamson, cow and calf, \$128.
Edward German, cow, \$92.50.
Samuel Challiner, bull, \$48.
Samuel Harris bought 300 bales of timothy hay at 9 1/2 cents per bale.

William Bourne bought 50 bales of straw at 38 cents per bale and E. F. Lomilino, 25 bales at 39 cents per bale.

Farm implements and harness sold at fair prices.

ELEANORE GOHEEN INJURED IN FALL
Eleanore Goheen, 12 years old, sustained an injury to her neck and a badly sprained wrist in a fall down the cellar stairs at the home of Dr. P. H. Griggs 147 East Morton avenue Friday evening. She was attended by Dr. A. M. King and it was found necessary to place the injured wrist in splints.

The girl had gone to the Griggs home to stay with the children while Dr. and Mrs. Griggs went out to spend the evening. By mistake she opened the door leading to the basement and fell down the stairs.

PROGRAM GIVEN AT MURRAYVILLE SCHOOL

Literary Society of High School Gives Entertainment Friday Afternoon.

Murrayville, Nov. 21.—The literary society of the Murrayville high school gave a very interesting program at the school this afternoon at 1:15 o'clock. It is the custom to hold a literary program at the school every two weeks on Fridays. The Lehigh society and the Pieta society alternate in giving the programs. The following was the exercises as carried out by the students during the afternoon:

Song—School.
Minutes—Miss Mada Blakeman.
Piano solo—Pontella Couchman.

Recitation—Rachel Wade.
Solo—Lucille Short.
Recitation—Sarah Millard.
Current Events—Stacy Shepherd.

Piano solo—Lorene Socy.
Recitation—Herman Baker.
Solo—Helen Wesner.
Newspaper—Mildred Mayberry.
Recitation—Keldon Solomon.
Piano solo—Helen Bell.

Oration, "The Death of Benedict Arnold"—Forest Coven.
Piano solo—Martha Hadden.
Critique—Jona May Bell.

Song—School.
Forest Covey, chairman, presided at the meeting, while Miss Mada Blakeman acted as secretary.

Will Enjoy Box Supper
The Queen Esther society of the M. E. church will give a box supper and good program Thanksgiving night, Nov. 27th, in Carlson's hall. All ladies bringing boxes will be admitted free of charge. Admission 10 cents.

FORMER MEREDOSIA WOMAN IS DROWNED

Mrs. Malcolm Johnson Loses Life in Cistern at Home Near Hull Early Yesterday Morning—Survived by Husband and Five Sons.

Meredosia, Nov. 21.—Frank and Graham Price of this place received a message early this morning telling of the death of their sister, Mrs. Malcolm Johnson, which occurred at her home on a farm near Hull, Pike county. It was stated in the message that death was due to drowning in a cistern, although no particulars or further information was contained in the wire received.

Mrs. Johnson was born and reared in Meredosia, where she resided until the date of her marriage to Mr. Johnson a number of

years ago. She is survived by her husband, five sons; two sisters, Mrs. Al Thompson of Beardstown and Mrs. William Streuter of Texas, and two brothers, Frank and Graham Price, both residents of this place.

Mrs. Johnson was about 40 years of age at the time of her death. The remains will be brought to Meredosia for burial Sunday or Monday.

GREAT BATTLE AT COLUMBUS TODAY

Ohio and Columbus Meet For Western Conference Championship—Chicago and Wisconsin Battle on Stagg Field.

Chicago, Nov. 21.—The western conference football race will wind up in a fighting finish tomorrow with the undefeated Ohio State eleven playing the powerful Illinois team at Columbus for the championship. Chicago will take the field against Wisconsin at Chicago for secondary honors, while Michigan and Minnesota will clash at Ann Arbor for a place in the sun. Altho Northwestern, Iowa, Purdue and Indiana closed their conference schedule a week ago,

these teams will be in action tomorrow. Iowa will take on Ames at Iowa City; Indiana will meet Syracuse at Bloomington. Northwestern will face Rutgers at Newark, N. J., while Purdue will have Notre Dame as its foe at LaFayette.

The clash between Ohio State and Illinois—the Yale-Harvard game of the west—promises to be the most bitterly fought of the season. Ohio State will go into the titular clash with its record unblemished, while Illinois has suffered one defeat, having lost to Wisconsin. The Buckeyes triumphed over Michigan, 13 to 3, in their first conference game of the season, defeated Purdue 20 to 0, and humbled Wisconsin, 3 to 0, a week ago. Illinois defeated Michigan 29 to 7, and lost to Wisconsin 14 to 10. Victories over Iowa, Chicago and Minnesota also were scored by the Illini.

The eleven will go into the championship fray practically on even terms altho some critics believe the Buckeyes have a slight edge because of the prowess of Chick Harley, all American half-back and star of the Ohio squad. The game will mark the end of Harley's inter-collegiate career one of the most brilliant of western gridiron history. Playing in twenty games during his three years of competition, Harley has scored 151 points for Ohio. In four contests of major importance, he won almost singlehandedly thru his kicking ability and spectacular playing.

Every seat for the Ohio-Illinois game was sold several days ago. Offers as high as \$75 have been made for a ticket. The clash between Wisconsin and Chicago is expected to draw 25,000 which will swell the gate receipts to \$37,000. The Michigan-Minnesota combat also will draw a capacity crowd.

HARVARD AND YALE MEET IN BOSTON TODAY

Cambridge Team Seems to Have Slight Edge Over Eli—Other Important Contests Scheduled.

New York, Nov. 21.—The Harvard-Yale game in Boston will be tomorrow's feature of the Eastern football season. The teams are well matched but Harvard tied Princeton and Princeton defeated Yale.

Harvard's playing against Princeton was much more impressive than Yale's. Early in the game Harvard rushed more than half the length of the field and nearly got a touchdown. With a great rally late in the game it tied the score by another march down the field and cross the Princeton goal line.

Nothing like this consistent attack was shown by Yale in its game with Princeton. Harvard has another advantage in that its regulars did not play against Tufts last Saturday. This week of rest may be the deciding factor.

There will be an international meeting between Rutgers and Northwestern at Newark, N. J. They seem to be of equal ability. Lehigh is a slight favorite in its annual match with LaFayette.

Georgetown meets Washington and Lee and Washington and Jefferson plays West Virginia Wesleyan. Each combination ranks high in its territory. The contest probably will be close with the breaks being the deciding factors. Several teams will devote tomorrow to practice for their final games on Thanksgiving Day. The principal games in the east follow:

Yale at Harvard.
LaFayette at Lehigh.
Rutgers vs. Northwestern at Newark, N. J.
Washington and Lee at Georgetown.

CROSS COUNTRY RUN TODAY
New York, Nov. 21.—With 21 runners entered, representing fifteen colleges, the annual inter-collegiate cross-country individual and team championships will be decided over the six mile course at Van Cortlandt Park tomorrow afternoon. The previous banner entry was 107 starters in 1916. The following colleges will compete tomorrow: Columbia, City College of New York; Cornell, Colby, Dartmouth, Harvard, LaFayette, Massachusetts, I. T. Maine, Princeton, Pennsylvania, Penn State, Rutgers, Syracuse and Yale.

SERGT. YORK'S FAITH.

Never Lost Confidence in Victory and Kept Shooting Straight.

More remarkable even than Sergt. York's amazing feat of arms, when he outfought, killed or captured a whole German battalion in the Argonne, according to those who know him is his deep and sincere Christian faith. It is the thing that has impressed all who have come in contact with him, and is apparent in his lectures. He lectures at Central Christian church, Saturday, Nov. 29, at 8 p. m. under the direction of the Rotary Club for the benefit of schools for his mountain people.

From the time he entered the army he never lost his serene faith and confidence, not even when eight Germans, with fixed bayonets, rushed him at a distance of twenty yards.

Even at that moment he put his faith in God—but at the same time he was making mighty good use of his automatic. Before eight men could rush twenty yards he had killed every one of them, a shot to a man. It was after this that the rest of the German battalion decided to surrender.

Sergeant York wasn't always the devout Christian that he is now. He used to be somewhat of a roisterer, a drinker and a gambler. Five years ago, tho, he was converted and from that time on, to use his own language to George Pattullo, who was going over the ground of his great fight with him, he "played the game straight."

He was long troubled in his conscience about the righteousness of taking part in war. His pastor and his church did not believe in fighting, and it was only after his commanding officer had shown him the justice of the cause of America and humanity that he settled his doubts and decided to give his best efforts toward winning the war, even if that did involve the taking of human lives.

"I couldn't see if anyone wanted peace and democracy how they could do otherwise than go and fight," he said. "In my mind I'm opposed to take human life, but I saw no other way."

And so the big red-headed second elder of the Church of Christ in Christian Union went over and fought. How well he fought is a matter of of-searching investigation.

WINCHESTER

Winchester, Nov. 21.—Louis
Tissier and Miss Fille Breden-
karp of St. Louis, arrived Thurs-
day night and are guests at the
home of Mrs. Lambert Metzger
and daughter.

Irvin Coultas has been confined
to his home the past week on ac-
count of illness.

Mrs. Edward Rohrig was a
Jacksonville visitor Friday.

John Hopper has been a patient
at Passavant Hospital in Jack-
sonville for the past few days.

Keep Your Feet Young

This is what most people strive to realize. The older you get the more you realize just how abusive and careless you have been with your feet in your younger days.

If you are vitally interested in the future welfare of your feet and if you have in your custody growing feet, see that they are put in good, comfortable shaped, well fitted shoes and foot comfort will be yours the rest of your days.

Trust your feet to our capable hands. Large, carefully selected stocks of high grade merchandise. All of the advantages of a city store right here at your door.

Christmas Slippers

Make your selections early. When present stocks are exhausted we fear we will not be able to secure more. Many styles to choose from.

Footwear for Children

We realize the importance of good shoes and good fitting for children. We can take care of you well in both respects.

Rubber Footwear of all Kinds

TWO RAILROAD CASES IN CIRCUIT COURT

Juries Give Damages On Account of Delayed Stock Shipments—Court Orders.

The jury which considered the evidence in the suit of Roy Clark vs. Walker D. Hines, director general U. S. Railroad Administration, and the Chicago and Alton railroad, brought in a verdict Friday morning wherein damages in the sum of \$225 were awarded. The jury considered the case all thru the night hours before an agreement was reached. The original claim was for \$300 damages.

A similar suit was that of G. E. Rook vs. Director General Walker D. Hines and the Chicago and Alton railroad. This case was given to the jury late Friday afternoon and at 9:30 o'clock last night a verdict was returned fixing the damages at \$150.

Prentice School Case.

The hearing on the bill brought by Oakleigh R. Adkins against Miss Anna E. Davidson and the directors of the Prentice school was begun before Judge Smith without a jury. This is a proceeding in which the father of the boy claims that he was unjustly suspended from the school and he is seeking a court order to provide for his reinstatement. J. H. Hubbs and V. H. Lockett, directors, are represented by William N. Hairgrove, and the Adkins lad and his father have J. O. Priest as their attorney. Several children from the school were brought in as witnesses. Judge Smith has taken the case under advisement, and has indicated that an order will be made for reinstatement of the boy under certain conditions.

Docket Entries.

In the suit for separate maintenance brought by Lela V. Filson vs. W. T. Filson, the court entered an order requiring that \$30 alimony shall be paid by Nov. 24 and the same sum each week thereafter until further order of the court. The defendant was

also ordered to pay to the complainant \$100 for solicitor's fees. In the partition proceedings of John W. Dougherty vs. Sylvia Dalton et al., the defendant was given until Nov. 24 to answer and George Dalton, by next friend was made a party complainant.

In the partition proceedings of Robert Jones et al. vs. June Jones, et al., the master's report was approved and the decree entered.

In the divorce proceedings of Willis True vs. Carrie True, the decree was rendered and the cause stricken.

EVERYONE LIKES PECANS

We have made for you today a combination piece of candy, from pecans, Turkish fruit nougat, chocolate caramel, and vanilla fudge. This is a delicious confection, a regular 60c value, and the price today is only 40c a lb. BUY IT AT MERRIGAN'S.

SIGMA PI MEETS

At the regular meeting of Sigma Pi Literary Society held at Beecher Hall last evening the following program was given:

Declaimers—Capps and Tomlinson.
Readers—Curran and Antrobus.
Essayists—Fanning and Thurmon.

There was no debate, due to society men being on the football squad which plays Milliken today.

FINAL DRIVE IN RED CROSS CAMPAIGN

Committee of One Hundred Named to Boost in Own Localities.

Morgan county's quota for the 1920 Red Cross membership will soon be secured if the latest efforts of the campaign committee meet with the success they should. A committee of over one hundred people in the county has been called upon to boost the membership in the localities now behind. Elsewhere in this issue of the Journal will be found the list of people, each of whom have been asked to secure ten members for the Red Cross during the coming week. It is hoped that the response of this committee will allow the campaign to close Saturday, November 29th.

On account of the road and weather conditions it has been impossible to call personally upon the 9,000 Red Cross members in the county to renew their memberships. Most of the members will gladly answer the Third Roll call if they can get in touch with some one authorized to receive their name and dollar. It is an account of this situation that the committee has adopted the method now being used to complete the campaign.

The Red Cross headquarters announced last night that the number 3,075 are from Jacksonville. This means that Jacksonville has practically reached her quota of 20 per cent of her population. Among the branches which have reported are Concord with 300 members; Franklin with 214 and more to come; Murfreesboro, 115; Liberty, 56. Waverly expects to reach 400 before closing the campaign. Alexander has only 50 at present with considerable more to come, and was 44 with the campaign just getting started. No report has come in from Lynnville but the work is well in hand there. Woodson is expected to reach her quota but have been unable to report so far. The Chapin branch is the only branch where the campaign has not as yet been started.

All solicitors now working are asked to report to their branches before Saturday, November 28th so that a report can be sent to the Morgan County headquarters at the Library Building on that date. On this date it is hoped that the campaign committee may be able to report to the state headquarters that Morgan county has reached her goal and that the Red Cross is still firmly established in this county.

ANNOUNCEMENT.

I hereby announce myself a candidate for Commissioner in Road District No. 8 at the election to be held April 6, 1920.

HENRY RUBLE.

PYTHIANS MADE TRIP TO BEARDSTOWN

A number of Knights of Pythians attended a session of the Beardstown lodge Thursday night. The team from Chandlerville put on the work and several members were initiated. The Jacksonville visitors included George Brown, George Wiseman, Charles Ratachak, Bascome Lair and O. T. Buhrman. They brought back with them several application cards for the coming D. O. K. K. ceremonial.

VISITED FRIENDS IN CITY

Mr. and Mrs. Alva Keyes of Roodhouse visited yesterday with their former neighbors and present friends, Mr. and Mrs. J. W. Mellen and family, 218 South Church street.

GAVE EXCELLENT MUSICAL PROGRAM

Woman's College Association at Kansas City Keeps up Interest in College Affairs.

Recently the Illinois Woman's college association of Kansas City gave a musical and tea at the Muehlbach hotel, and it was a very pleasant occasion. Mrs. O. M. Sherman is president of the association and Mrs. Fred Rucker is secretary. Meetings are held at stated times and the interest in college affairs continues. At this musical there were twenty members present and the following program was presented:

Vocal—
In An Old Fashioned Town... Squires
Daddy's Sweetheart... Lehman
Butterflies... Miller
Song Without Words (violin) Miss Louise Miller
Mendelssohn-Kaule
Mrs. R. R. Miller
Vocal—
The Wind Song... Rodgers
The Swallows... Cowen
A Memory... Park
Miss Harriet Walker
Reading—Miss Antoinette Curl
Vocal—
Thy Beaming Eyes... McDowell
Your Smile... Foster
Blackbird Song... Cyril Scott
Miss Mildred Spencer
Mrs. J. Bouden Bird, accompanist.

NOVEMBER 23rd IS SUNDAY (Tomorrow) SEE PAGE 6

SOME BAD BOYS

Thursday night five boys about nine and ten years of age, entered the garage of Howard Zahn, threw oatmeal into the eyes of Herman Naudett, the aged watchman, and while he was dazed hit him several times with a rubber mallet. The little miscreants then opened a water cock in the main garage and let a big lot of water flow over the concrete and into the loose the cap on the free air pipe.

The police caught the little scamps and shut them up a while and then let them go and owing to their youth Mr. Zahn has not proceeded against them as yet but their names and addresses are known and on record at the garage.

It seems almost inconceivable that boys so small should do such acts of wickedness. Their parents should know and possibly do and if they don't teach those boys a salutary lesson in a decisive manner such as used to be administered in the days when we were young they are enemies to their own children.

EVERYONE LIKES PECANS

We have made for you today a combination piece of candy, from pecans, Turkish fruit nougat, chocolate caramel, and vanilla fudge. This is a delicious confection, a regular 60c value, and the price today is only 40c a lb. BUY IT AT MERRIGAN'S.

FINES BOTH PARTIES

The case of Mrs. Lee Hiles and Eva Van Auker was arranged in the justice of the peace court yesterday.

Evan Van Auker had Mrs. Lee Hiles arrested a few days ago for disturbing the peace but when the case came up before the court yesterday it was decided that both were guilty and both were fined \$3.00 by the justice, J. A. Crum.

The attorneys were Carl Robinson and Hugh Green.

VISITED MACOUPIN COUNTY

C. H. Story of the Story Exchange, accompanied Mr. Opperman of Winchester to farm lands in Morgan and Macoupin counties yesterday.

TO GIVE PROGRAM AT STATE HOSPITAL

Will Illustrate Work in Occupational Therapy and Industrial Occupation.

A program of special interest will take place this afternoon at Jacksonville State hospital. The program as planned will show something of the work done by the department of public welfare in occupational therapy and industrial occupation. While the program is open to the public, special invitations have been issued by Dr. and Mrs. E. L. Hill to members of the Tuesday club, the Chamade club and the Woman's club.

Beginning at 1:30 o'clock the special departments of work will be visited and at 2:30 o'clock a musical program will be given by patients at Amusement hall. The special addresses of the afternoon will occur later and each will be followed by a 10 minute discussion. During the evening hours there will be special entertainment for patients with a house party at the main hall and another at the annex hall. There will be games and dancing with light refreshments. The program as outlined is as follows:

Program
Visitation of the Departments—1:30 to 3:30 P. M.
Habit Training Class—C-1-East.
Tailor Shop.
Sewing Room.
Mending Room.
Treatment Class No. 3.
Treatment Class No. 2.
Treatment Class No. 1.
Habit Training and Kindergarten Class—B-1-West.
Habit Training and Kindergarten Class—C-1-West.
Tackling Department—North Annex.
Occupational Center—Upstairs and Down.
Field Exercises—1:30 to 3:30 P. M.
Musical Program by Patients—Amusement Hall, 2:30 to 3:30 P. M.
Address of Welcome—Dr. E. L. Hill, managing officer.
Relationship of Social Service Work to Occupational Therapy—Miss Hirschman.
Occupational Therapy—Dr. H. D. Singer, State Hospital.
Vocal solo—Mrs. E. L. Hill.
Pianist—Miss Rebecca Schiebel.
Observation of Occupational Therapy—Hon. A. L. Bowen, superintendent of charities.
Welfare Department's Attitude toward Occupational Therapy—C. H. Thorne, Dir. D. of P. W.
Prospects of Occupational Department—Herman M. Adler.
Social hour—5 to 6 P. M.

BE ONE OF THE MANY SATISFIED PATRONS AT HERMAN'S; BEAR IN MIND THE STANDARD QUALITIES OFFERED AND RELIABLE BUSINESS METHODS.

CAUGHT A VALUABLE FOX

An exchange has the following regarding an animal whose pelt sells for as much as \$1,200 each: The \$1,000 silver gray fox which escaped from the breeding pens near Warren, Pa., last week was caught in a skunk trap in the woods near the borough limits and has been returned to captivity. The captor of the valuable animal was Fred Simones, aged 16, who a few days before had encountered the fox in the woods and had petted it for a time, then drove it away, not knowing its value. Later the animal returned to the Simones farm, where it created a disturbance among the poultry and the fox set the trap with perfect success. Three of the toes of the fox were injured by the jaws of the trap. The "Black Fox Farm," for the propagation of rare foxes for fur bearing purposes, was established near the Simones farm about three years ago, and the silver gray is the first of the animals cunning enough to escape from the pens.

For the Red Cross

Don't Be Counted Among the "Missing"—Be Among "Those Present"

In order to close the Red Cross membership campaign for 1920, and help Morgan county secure her quota, the following people have been asked to secure ten members each and send the names to the Morgan County Red Cross Headquarters, Library building, Jacksonville, not later than Saturday, November 29th. The memberships are \$1.00 each for men, women and children. If you have not already done, so, see one of your friends listed below and get your name and the members of your family enrolled in the Third Annual Roll Call this week. The result of this canvass will be published November 30th.
